

Processing Foundation fellowship

What is Processing Foundation fellowship?

- Not an open source internship program
- Funded and mentored by the Processing Foundation
- Supports projects that converges and expands the fields of art, technology, education and activism
- Projects initiated by members of the community for nurturing the needs of the communities that use our software
- Emphasis on projects that foster and take the power of the community and education forward

Timelines

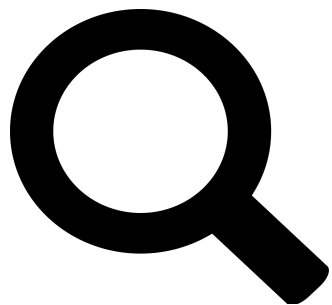

- Cohort that encompasses distinct and dynamic work
- Application period ranges from December- January every year

Projects supported by fellowship

- P5.js
- Processing
- Processing.py
- Processing for Android
- Community outreach, education and creative coding

P5.js

- JavaScript library
- Coding more accessible to artists, designers and educators
- Make it easier for beginners to plunge into creative coding

p5js.org

Goals

- Translate P5.js website and documentation to Hindi
- Provide the p5 YouTube tutorials in Hindi
- Reach out to non-governmental organizations and/or schools to promote software literacy

- 80 students from 3 colleges and 3 schools

1.1: Code! Programming for Beginners with p5.js

CODE!

PROGRAMMING WITH P5.JS

p5.js

Download Reference Learn Community

Hello! p5.js is a new interpretation of Processing, not an emulation or port, and it is in active development. Try it out now in the new p5.js Web Editor!

Using the canvas, you can draw shapes, text, and images. This is a new way to create art and animation with code.

p5.js is a new interpretation of Processing, not an emulation or port, and it is in active development. Try it out now in the new p5.js Web Editor!

p5.js was created by Lauren McCarthy and is developed by a community of collaborators, with support from the Processing Foundation and NYU ITP. Identity and graphics design by Scott Johnson. © 2015.

शायद कोड के लिए सीखने के लिए बहुत सारे वीडियो की।
